

Signed consent - ENT Senior Care Group
FICTIONAL DEMO - Browser-only record
Resident: Margaret Lee
Facility: Sunrise Villa Walnut Creek
DOB: 1930-01-01
Resident ID: res-r1

ENT Senior Care Group (ENT SCG) provides ear, nose and throat care to residents at their facility, including hearing evaluations, ear cleaning (cerumen removal), and examinations of the ears, nose and throat.

By signing, I consent to these examinations and to routine, non-surgical treatment by ENT SCG clinicians during scheduled clinic days at the facility. I understand that any procedure beyond routine care will be discussed with me first.

I authorize ENT SCG to bill the resident's insurance for these services and to share the resident's records with the facility and the resident's primary care provider as needed for care.

This consent stays in effect for the current clinic round. I may withdraw it at any time by contacting the facility or ENT SCG.
